Direction: The following passage followed by question based on its contents. After reading the passage, choose the best answer to each question.

As advertisers become more expert at their work, they appeal to all the human emotions in the effort to increase sales greed, jealousy, love of bargain, fear of the disapproval of other people, fear of ill health, desire to catch a husband, the desire to show off, and many others. But more and more customers are also becoming suspicious of resistant to high- powered advertisements.

This is producing, in highly sophisticated countries, a deliberately modest, self-deprecating type of advertisement that is intended to disarm the suspicions of sophisticates by giving an impression of absolute sincerity, or even deliberate understatement. Soon we may have the strange spectacle of advertisers vying with each other, with Eastern courtesy, to belittle the merits of their own merchandise.

- According to author, high- powered advertisement has created suspicion among people in
a. highly sophisticated countries b. unsophisticated countries
c. oversold market d. in poor countries
- The self-deprecating type of advertisement seeks of
a. announce the product loudly b. introduce the product by appealing to principle motions
c. lessen the suspicion in buyer's mind d. tell the true merit of the products
- In the context, "Eastern Courtesy" would mean
a. genuine courtesy b. courtesy with an intension to cheat
c. sincere courtesy d. business etiquette
- The new type of advertisement as compared with the high - powered advertisements of the past
a. is absolutely sincere b. gives the impression of being sincere
c. is more in buyers interest d. is courteous to the buyer
